

THE BOURBON NEWS.

PUBLISHED EVERY TUESDAY AND FRIDAY IN THE YEAR.

VOLUME XXV.

PARIS, KENTUCKY, FRIDAY, SEPT. 29, 1905.

NUMBER 78.

A Gala Day.

Next Tuesday will be a gala day with the BOURBON NEWS and everybody connected with it, for on that day our long expected and much delayed illustrated History of Paris and Bourbon county will be issued from this office as a supplement to this paper. We have received a telegram from the printers that the books will be shipped us Saturday.

We already have orders for a large number of extra copies of this book, and those who desire a copy should call as early as possible after Tuesday, as we are afraid the supply will soon be exhausted.

To all parties who have ordered copies, we request that you call at this office or send us the price, which is 25 cents each, and we will mail them to you.

Not Guilty.

The jury in the Judge Hargis contempt case, at Winchester, brought in a verdict of not guilty late yesterday afternoon.

Suits of the Finest.

The fairest line of suits at the fairest prices are now being shown at J. W. DAVIS & Co.'s.

Will Probably Tunnel Vine Street L. & N. Crossing.

Since the several new trains have been put on the L. & N. railroad it has been a difficult matter to keep the crossings near the depot clear for the passage of travelers from the country. To avoid this inconvenience of the public Supt. W. H. Anderson, of the L. & N., Judge H. C. Smith, of the County Court, D. C. Parrish, of the City Council, and Hon. C. M. Clay, held a consultation in regard to the matter yesterday. Supt. Anderson favored tunneling the Vine street crossing and said that if the gentlemen would get up petitions from the citizens asking for this, he would forward them to headquarters and advise that it be done. The city agreed to make good street to intersect Winchester street. This would be of great convenience to the people who live on the Winchester pike and it would also make the distance down town nearer. Each of the above gentlemen are getting many signers to petitions that the tunnel be made.

Gay Wins Cup.

Jake Gay, of Pine Grove, won the silver loving cup at the two days shooting tournament at Olympia by breaking 94 out of 100 clay pigeons. A large crowd was in attendance.

The Christian Church Convention.

The Annual State Convention of the Christian Church at Maysville this week was one of the largest and most enthusiastic ever held by the church, 650 delegates were in attendance. The convention adjourned last night.

Judgment Against L. & N.

Judge R. L. Stout, in the Franklin Circuit Court, rendered judgment against the Louisville & Nashville in favor of the Commonwealth for \$12,200, alleged to be due as penalty and interest on franchise tax paid under a ruling of the United States Supreme Court.

Petitioned to Resign.

A petition is being circulated in Harrison, Nicholas and Robertson counties asking E. K. Renaker to resign as the Democratic nominee for Senator from that district. This is the outcome of the verdict for \$3,500 returned against him in the slander suit brought by Miss Elizabeth Whitaker. Renaker has concluded to pay the amount of judgment without taken an appeal.

Object to Outside Counsel.

Attorney General N. B. Hayes, before A. M. J. Cochran in the Federal District Court, objected to the employment by the State Board of Valuation and assessment of McQuown & Brown as counsel for the Commonwealth in the national bank back tax suits. He asked that their names be stricken from the records as counsel for the Commonwealth. Eli Brown, of McQuown & Brown, replied to the motion, and Judge Cochran reserved his decision.

Another Small Blaze.

The Fire Department was called out to extinguish a fire at the residence of Chief of Police Geo. M. Hill, on High street, yesterday afternoon, and after working under difficulties managed to get the fire under control. Loss several hundred dollars, which we understand is fully covered with insurance.

This was another fire which showed how the fire department is handicapped by not having a ladder wagon, not a ladder that would reach to the roof of a second story house. The ladders carried by the hose wagon would not reach to the top of a good size chicken coop. Wait until we have a big fire, then you will hear talk about a ladder wagon.

GALA WEEK AND FESTIVAL.

Week Commencing Monday, October 2—The Famous Robinson Amusement Co.

Within the confines of this great American continent there cannot be found any amusement that compares in grandeur, magnificence or merit with the vast combination of exhibits which the master mind of Dan R. Robinson has collated in his great and strictly moral enterprise. His genius and experience, added to his managerial ability has aided him in carrying out his great aim in life, which is to have control and manage for the public's entertainment and amusement devoid of immorality, one that would please, amuse, edify and instruct its patrons, one undeserving of censure, an amusement in every way fitted for the patronage of all classes of the people.

Many, varied and wonderful, will be the attractions to be presented during the week of the Paris Fall Festival.

Then the music, the delightful melody of the unrivalled Royal Italian Band, will enliven the occasion together with the multitudinous startling and sensational free acts, which will all combine to make the week one always to be remembered as a red letter week in the history of Paris.

Paris, Ky., Friday, September 29, 1905.

WITH everybody working in harmony for the Paris Fall Festival you will see the old town crowded next week.

LET every Democrat in Paris see that his neighbor registers on Tuesday next, that is if he is a Democratic neighbor. The most important work can be done on registration day, and if Democrats will only do their duty the fight can be won on Tuesday next.

It is the duty of every business and professional man in Paris to attend the Paris Business Men's Club at the City Hall (Friday) evening, at 7:30 o'clock and have their names added to the already large membership. This is a duty that you owe to your home city, to yourself and to your children.

THE two streets, Broadway and Bank Row, owned by the county, are not only a disgrace to the town, but to the county. The miserable condition they are in detracts from our beautiful court house. Surely, gentlemen of the Fiscal Court, you should have more county pride about you and put the streets in condition. A plant is now running here that can do this work and it should be done before it is moved to another city.

BITS OF BY-PLAY.

And Almost as Much Wishbone.

The openwork shirt-waist girl shows a good deal of backbone.—Washington Post.

William Smart's roan horse was severely injured by a train yesterday. Its head was cut off.—Enid (Ore.) Echo.

Fierce, Indeed.

"Now," said the teacher, who had been describing the habits of bears, "what is the fiercest animal in the polar regions, Johnny?"

"Why-er-er—" stammered Johnny. "Come, don't you remember? The pole—"

"Oh! sure! the pole-cat."—Philadelphia Press.

Odd Coincidence.

Mr. Janson said to Mrs. Lammis in perfect confidence. "Do you know mine is the prettiest boy in the world?"

"Well, really, now, what a coincidence!" said Mrs. Lammis. "So is mine!"

Great Time Coming.

"The smart set have their innings now," murmured the dreamy man, but I trust we poorer folk will get ours in the next world."

"You bet we will!" declared the practical person. "Think of the fun we'll have watching the contortions of the smart set when they meet their various ancestors."

He Was Slow.

The excursion train had just emerged from the dark and dismal tunnel.

"Henry," said the buxom country lass to the rural swain who occupied the seat by her side, "what did you mean by kissing me in that place?"

"I d-didn't," stammered the young man, "honest, I didn't."

"Then," she demanded, "why didn't you?"

Great Gala Week and Fall Festival--A Memorable One in the Amusement History of Paris.

Every Day Will Be a RED LETTER DAY. The Attractions will Be Furnished by the
FAMOUS ROBINSON AMUSEMENT CO.
Rivalry Improbable--Superiority Impossible.

What others who have seen it think and say about it:

That great Robinson Amusement Company has been delighting and pleasing the people at each place they have exhibited will be admitted as a fixed fact when one reads the short and pithy extracts clipped from journals of many cities.

Birmingham (Ala.) News says:

"Bigger, better, more excellent than any show of similar character ever in Birmingham. It was the cleanest of shows here, and was patronized by our best citizens."

Era, Penn., adds this word of praise: "Each of the exhibits is a maze of life, light and action. Every one pleased and delighted. Robinson's Company is the best that ever came to town."

Indianapolis Journal says: "Not a Carnival Company, but THE Carnival Company."

Peru, Ind., adds its quota as follows: "Each and every performance was in every respect excellent."

From Lexington comes this word of praise: "The shows connected with the Robinson Carnival Company held the interest of the masses from beginning to end in a manner that only the best shows can do."

Frankfort has this to say of the free acts: "The merit of the Free Acts with the Robinson Company is in the fact that there is not a poor one among them."

If we had time and space we could fill columns with commendable notices of the many shows, which will exhibit in our city during the Festival Week of Oct. 2 to 7, inclusive.

Sensational features and startling surprises are its chief salient points.

Ladies' and Girls' Ready-to-Wear Garments.

What is Generally Accepted As Correct.

Gray, in all its shades, has by universal acceptance been proclaimed the king of colors for Autumn, 1905. The most reliable fashion delineators hinted some time ago that this would be the case, so we took the hint and turned our thoughts and endeavors toward bringing together a contrasting assortment of correctly and stylishly modeled suits in all the various shades of gray.

Every true woman's aim is to be stylishly dressed, and no woman can be considered stylishly dressed unless she is correctly dressed. In getting a suit here you are assured of the latter; therefore, further argument would be superfluous—our suits being at once correct, stylish, and in every way first-class.

One graceful long coated model at \$25 is composed of best quality homespun cloth in a stone gray shade. A model forming an ideal "all occasion" suit being serviceable, yet essentially dressy. Other long coated styles are made of novelty materials, cut upon mannish lines, and carry unique individuality with them, which make them distinct from all others.

The church was beautifully decorated by Honaker, of Lexington, and it was pronounced the prettiest wedding of the season in that section.

Miss Lyne is one of Cynthiana's handsomest and most talented young women and is well and favorably known by a large circle of admirers in this community.

Mr. Payne is one of our prosperous and popular young farmers, who numbers his friends by the legend.

The bridal couple drove through in a carriage to Lexington, where they took the train for an Eastern trip.

Mrs. Baird's Millinery Opening.

The millinery opening of Mrs. Corne Watson Baird, on Saturday, September 30, will be a revelation to the ladies who admire pretty and stylish millinery goods. Her artistic trimmers have been working day and night and you will see when you visit this emporium of millinery goods some of the most beautiful and charming hats ever seen in this section. Mrs. Baird's long experience in this line of business peculiarly fits her to know what the ladies of this and surrounding counties want and she has taken especial pains this season in selecting a stock that will please all.

The styles this season are graceful millinery, and you will also find the prices in no wise representative of the artistic beauty of the fetching hats.

Remember to-morrow, Saturday, Sept. 30th, is the opening.

The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from liver and kidney trouble. In a recent letter, he says: "I was nearly dead, of these complaints, and although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." All are cordially invited to attend.

Sunday's Game.

The game of base ball Sunday afternoon between Paris and Lexington will undoubtedly be the best game of ball in this section this year.

The teams are evenly matched and Paris only lost the last game in the ninth inning by an unlucky pitch of Cooper.

Don't fail to see the game Sunday.

Cattle Thief Arrested.

Albert Riely, a young man about nineteen years of age, employed as a farm laborer near Hutchison, was arrested by Constable Joseph Williams and Jailer George W. Judy on a warrant charging him with stealing three head of cattle from Mrs. James McLeod. Riely brought the cattle to town and sold them to Bishop Hibler & Bro. He received a check later and attempted to get it cashed at a local bank.

Riely confessed before Judge Smith at his examining trial yesterday and was held to the Circuit Court in the sum of \$500.

Two Negro Fiends Landed in Jail.

Chas. Lewis Turney and Ed. Victor, two Millersburg negroes, broke into the residence of Mrs. James Collins, a widow lady of that town, on Wednesday night, about 12 o'clock. One of them grabbed Mrs. Collins, who is a frail delicate woman, while the other grabbed with her daughter, and during the desperate and brave fight of the ladies a little son was making effective use of a baseball bat. One of the boy's licks knocked the mask from the face of one of them and fearing recognition he broke and ran, his companion following him. They were recognized however and arrested yesterday morning, being brought to the Paris jail for safe keeping, as the excitement was running high in Millersburg.

Tom Maher Has Narrow Escape.

Tom Maher, overseer for P. J. Millett, had a narrow escape from death Tuesday afternoon. He was driving a wagon, loaded with wheat, to town when the South-bound 3:25 passenger train from Maysville struck the wagon at the Jackstown pike crossing, crushing the wagon to pieces, killing one mule and badly crippling one. The front wheels of the wagon were found on one side of the track and the hind wheels on the opposite side. Mr. Maher did not see or hear the approach of the train until it was right on him, but managed to jump in time to escape without a scratch. You cannot see a train approach at this crossing when coming to town, and the L. & N. should have one of their alarm bells put up, especially since the several new trains have been put on that division.

There Was An Old Woman, Etc.

[Indianapolis Star.]

A stout little woman on an East Washington street car looked around anxiously for seats for the children who were with her. Two of the older girls had babies in their arms. People on the car did not know whether it was an orphans' home picnic or a Sunday-school convention.

"Beg pardon, lady," said the conductor, "but you have given me only eight tickets."

"Didn't know you charged for babes in arms," said the little woman as she kept an eye on the members of her party.

"But there are nine without," said the conductor, apologetically. Perhaps he really thought the woman had only eight tickets.

"Stand up, children," commanded the little woman. She was imperious in her command and immediately after her order to stand up, they all arose to their feet.

Counting them one by one she presently came to a little boy of about eight years and, pointing her finger at him, she said:

"Sammy, I thought you stayed at home with the rest of the children."

Startling Mortality.

Statistics show startling mortality, from appendicitis and peritonitis. To prevent and cure these awful diseases, there is just one reliable remedy, Dr. King's New Life Pills. M. Flannery, of 14 Custom House Place, Chicago, says: "They have no equal for constipation and biliousness."

English Channel Tunnel.

The construction of a tunnel under the British Channel is a proposition that has been discussed for many years, and work has actually been carried out at both the French and English ends of the proposed tunnel. Lack of support, varying to active opposition from the British Government has been responsible for the abandonment of interest in the scheme. Recently, however, attention has been attracted to the channel tunnel by the fact that a thorough examination of the works at Calais has been made by French railway and maritime engineers, while conferences have been held between the managers of French and English railways. It is considered probable that another attempt may be made to induce Parliament to authorize the work, which, in the present condition, does not present any remarkably difficult problems in engineering. The knowledge gained in the construction of the Simplon and other European tunnels seems to indicate the complete feasibility of the project, and it is now believed that by working from both ends a rate of about forty feet a day could be maintained, which would mean the completion of the enterprise within five years.

Free Training of Nurses.

By the terms of a fund to be admin-
istered in connection with the Phila-
delphia School of Nurses, Withers-
poon Building, Philadelphia, a num-
ber of young women from every
county will receive free training in
nursing. It is planned to ultimately
reach and help in this way every vil-
lage and township.

The young women will be provided
with room, board, nurse uniforms and
all the refinements of a well appointed
Christian home. At graduation the
diploma of the School and the Order
of the Red Cross will be conferred,
qualifying for practice to any State
or country; the railroad fare will then
be paid back home.

Those applying and chosen to re-
ceive the benefits of this fund will be
given two years training, with a rich
experience in nursing the sick poor of
the city under skilled leaders. The
term may be shortened to eighteen
months by taking a preliminary
course of six months reading and
study at home. A special short course
enables young women to quickly pre-
pare themselves for self support and a
substantial income.

In addition to regular nursing, the
young women are taught how to pre-
serve their own health; how to recog-
nize, avoid and destroy contagion;
how to establish and maintain perfect
sanitary conditions about the home;
they are prepared for positions as
office nurse and physician's assistant;
they get a practical knowledge of City
Mission movements, Deaconess train-
ing, College settlement work, and are
trained for special positions of trust
in institutions.

The school is ten years old and is
endorsed by physicians, leading edu-
cators and prominent men throughout
the country.

When Johnny Comes Marching Home.

Manager Borland, of the Paris Grand,
will inaugurate a novel idea next week
to advertise the coming of the popular
military comic opera, "When Johnny
Comes Marching Home," in which the
Paris favorite W. T. Carleton assumes
the principal role. The company ap-
pears here on Tuesday, October 10.

On next Tuesday morning, October
8, Manager Borland will give to a cer-
tain person residing in Paris, a ticket
good for four box seats to "When
Johnny Comes Marching Home."

This party will have instructions to
give this ticket to the first person ask-
ing the question, "When Does Johnny
Come Marching Home?"

There is no trick or catch about this.
The person having the ticket will be on
the streets every day next week. He or
she is perfectly honest and reliable, and
will instantly hand over the four tickets
to the first person asking the question as
quoted above. Any person who may
have the tickets, and the way to get
them is to ask the question of every
one.

Remember next Tuesday morning the
tickets will be given to the party and
the question you must ask is: "When
Does Johnny Come Marching Home?"

FRIENDLY WARNING.

No Need to be Alarmed About Stomach Trouble if
You Use Mi-o-na—Cure Guaranteed
by Clarke & Co.

The most frequent affection of the
stomach is catarrh, as the delicate
membrane which lines the stomach is
easily irritated by harmful food or
overeating. Keep a strict watch for
the first symptoms of stomach trou-
ble. Take this friendly warning in
the spirit in which it is given and
profit by it.

Shortness of breath, black specks
before the eyes, furred tongue, dizzi-
ness, belching of gases or sour food,
weakness and debility are all signs of
catarrh of the stomach. There is no
need to be unduly alarmed, for this

disease can be cured by Mi-o-na. It
is the only remedy that strikes at the
root of the evil and actually cures
diseases.

It does not contain opium in any
form, acids, alcohol, or any other
harmful drugs or chemical. It is a
pure remedy that heals the irritated
mucous membrane, stimulates the se-
lar plexus, and aids digestion.

Ask Clark & Co. to show you the
guarantee under which they sell Mi-o-
na. It costs but 50 cents a box, and
your money is returned if it does not
help you.
